

The Green Team Application

August 17, 2021

Dear Parent,

Your child has taken the first step in trying to do his/her part in making our school environmentally friendly. He/She has demonstrated an interest in applying to become a member of our school's GREEN TEAM. A select few students will be chosen to take part in the various small tasks from time to time throughout the school year. It is the intent of our group to bring awareness to the all-important task of taking care of "Mother Earth".

Students chosen for this team will be helping our school with recycling projects, helping maintain our trees and plants inside and outside our school, coming up with ideas that might help our environment and our school at the same time. The process should help educate our students about the importance of recycling, practicing eco-friendly habits, and gaining a sense of pride in the school itself. Activities will be organized in such a way as to avoid students missing any instructional time as well.

Please sign if you give your consent and feel your child would benefit. Thank you for considering this activity for your child.

Theresa Eilers
Green Team Leader

Student's Name: _____

My child has permission to participate in the Green Team activities throughout the regular school day.

Parent's Name: _____

Parent Signature: _____

Teacher Signature: _____
